Re: Potential Grantors of Read2Win

To Whom It May Concern,

As the Superintendent of the Crowley Independent School District, I am pleased to acknowledge our full support of the important work being accomplished by Read2Win Fort Worth. The program has been a community partner providing instructional support practices to students in Crowley ISD since 2016. The district currently has 9 elementary campuses participating in the program and includes 58 volunteers, 84 students and 8 program partners.

Read2Win provides initiatives that have helped to transform our instructional practices, personalize learning to meet individual student needs, improve school culture, and provide much needed extended learning opportunities for all students, mostly those students who struggle. Read2Win provides an atmosphere that supports the growth the whole child.

Additional funding would greatly enhance the program's ability to not only continue and expand existing services, but also to develop and implement new programs and services to promote greater and continued student success.

I support this powerful initiative and am grateful to for the opportunity to submit a letter of support on behalf of Read2Win Fort Worth.

If you require any further information, I can be reached by calling 817-297-5230.

Sincerely,

Michael D. McFarland, Ed.D.  
Superintendent of Schools
